

Founded by Callae Brownstein in 2012, CBeyondcancer's mission is to partner with and fund organizations that help families see beyond emotional and financial obstacles to focus on fighting cancer. Our ultimate goal is to help cancer patients and their families build their inner strength and fortitude during a time of tremendous adversity where they can focus on healing instead of other obstacles. CBeyondcancer does this by supporting organizations that fund emotional support services and provide direct financial assistance to patients and their families. Since its inception, CBeyondcancer has raised nearly \$325,000 for families struggling with cancer.
