COUNTY OF SANTA BARBARA AND SANTA BARBARA FOUNDATION ANNOUNCE EMERGENCY BUSINESS ASSISTANCE PROGRAM

(SANTA BARBARA, Calif.) – The County of Santa Barbara, in partnership with the Santa Barbara Foundation, announce the Emergency Business Assistance Grant Program that consists of two components: microenterprise business assistance and small business assistance grants. The application period opens today, May 10 through June 30, 2021, or when all funds are granted, whichever comes sooner. Eligible microenterprise businesses may apply for up to \$10,000 in funding, while eligible small businesses may apply for up to \$25,000.

“This opportunity is made possible through the U.S. Department of Housing and Urban Development (HUD),” said George Chapjian, Director of the County Community Services Department. “The goal is to implement Community Development Block Grant programs that reduce the impacts of the pandemic. We are grateful to partners like Santa Barbara Foundation to make this grant program accessible to our countywide community.”

This funding, allocated by the Federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act), comes to the County with specific intention for prevention of, preparation for, and response to COVID-19 impacts. In accordance with these and HUD requirements, Emergency Business Assistance Program funding will only be provided in cases that are reasonably determined and documented that the applicant’s business has been adversely impacted by COVID-19. All interested parties are encouraged to review the [grant guidelines and eligibility requirements](#) thoroughly.

“This grant program is an added effort to provide support for our county’s economy through continued uncertain times,” said Jessica Sanchez, Director of Donor Relations at the Santa Barbara Foundation. “This program is another COVID-19 relief partnership like, Santa Barbara Better Together Fund and Elaine F. Stepanek Foundation Restaurant Fund, that are providing extra relief to businesses challenged by the coronavirus pandemic. We are happy to work with the County of Santa Barbara to provide such important support to our local businesses that are at the center of our county’s economy.”
